Jumbo Filter Cartridges

- Made in the USA
- Cartridges are cleanable and reusable in most micron ratings and filtration applications
- Filters available in three sizes: 40, 90 and 170
- 10 micron ratings available
- Compatible Harmsco® and Watts®-style cartridges
- High temperature cartridges rated up to 200°F

Jumbo Pleated | Jumbo Melt Blown | Jumbo Pleated Hi Temp

Pleated Filter Cartridges

- Made in the USA or imported product available
- Offered in 10 micron ratings, 2 standard diameters and 8 standard lengths
- Custom lengths, media, micron sizes available
- Polypropylene elements with polypropylene cores meet FDA Title 21 regulations for food and water contact

Standard | Premium

Wound Depth Cartridges

- Made in the USA or imported product available
- Offered in 6 media types and 13 micron ratings
- FDA polypropylene- and cotton-constructed elements are FDA acceptable under CFR Title 21 for food and potable water contact
- Tested and certified by WQA to NSF/ANSI Standard 42 for Component and Standard 61

Standard | Premium

Melt Blown Depth Cartridges

- Made in the USA or imported product available
- Offered in two media types and 11 micron ratings
- FDA polypropylene- and cotton-constructed elements are FDA acceptable under CFR Title 21 for food and potable water contact
- Tested and certified by WQA to NSF/ANSI Standard 42 for Component and Standard 61

Filter Bags

- Made in the USA
- Standard sizes available with a selection of top rings to fit most housings
- Wide selection of micron ratings and different medias for a range of applications
- Optional glazing inhibits fiber migration and enhances efficiency
- High density filter bags add an additional 637 cubic inches of depth filtration

Bag | High Density Bag

High Flow/Custom Cartridges

- Made in the USA
- Pleated surface area for longer filter life, higher loading capacity, and increased particle removal
- Filters available in three sizes: 20, 40 and 60
- Nine micron ratings available: 0.2, 1, 3, 5, 10, 20, 40, 50, and 100
- Compatible Pall®-style cartridge
